Re: Great American Title Community Outreach Program

To Whom It May Concern:

Attached to this letter is a check made payable to your organization through the efforts of Great American Title's Community Outreach Program.

Great American Title Agency, Inc. is a locally owned and operated escrow and title company who is committed to excellence and service that is second to none. Since opening the escrow division of the business in February 2004, Great American has continued to grow and with it has our commitment to reach out to others in our community to extend a helping hand.

Great American has developed what we believe is a unique program that permits Great American to donate 7.5% of any non-discounted basic escrow rate that we collect from any closed escrow provided the customer requests us to donate to a Non-Profit or Not For Profit organization on Great American's approved list. If a buyer and a seller request that we donate to different organizations in the same transaction, we will split the donation in half and contribute 3.75% to each. We have not placed any cap on the total donations we can contribute over the course of the year. Your organization appears on our Non-Profit or Not For Profit approved list.

If you wish to learn more about Great American Title's community Outreach Program please contact us by email at GATCARES@azgat.com.

Great American Title Agency is pleased to attach this check to your organization and wishes to extend a sincere than you for all that you are doing to help others in our community.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce E. Beverly".

Bruce E. Beverly
Chief Executive Officer
